FORD STRIKE IS AVERTED

U.S. Mediators Seek To Break Steel Impasse

Some Hope For Averting Steel Strike Seen In Ford Company Agreement

STEEL COMPANIES BANKING FURNACES

(BULLETIN)

PITTSBURGH, Sept. 29.—(INS)—Spokesmen for the strike-threatened steel union and industry delayed comment today on any effect which may be expected from the last-minute settlement of contract terms by the Ford Motor Company and the CIO-Auto Workers.

By TROY GORDON
G. S. Staff Correspondent

PITTSBURGH, Sept. 29.—New hope for averting the steel strike scheduled for tomorrow midnight flared today when the Ford Motor Company and CIO-Auto Workers agreed on a pension plan.

The Detroit agreement, modeled on the presidential fact-finding board's report which is the basis of the CIO-Steelworkers demands, was hailed as setting a pattern which may be followed by the steel industry.

Last Minute Talks

Last minute talks to forestall the strike were pressed today by two top U. S. mediators. It was

Report \$20,000 At Second U.P. Fund Meeting

Fine Start Is Made In Campaign To Raise \$45,000 Building Fund

DR. WILL W. ORR MAKES ADDRESS

Members of Second U. P. church are \$20,000 nearer their goal of \$45,000 for the memorial building project which is under way at the east side church on County Line street.

A dinner launched the campaign for \$45,000 at the church on Wednesday evening, with Dr. Will W. Orr, new president of Westminster college, keynote speaker for the occasion. Mrs. Roy Long, chairman of the finance committee, was in charge of the fund raising dinner event.

Jubilation reigned among the 300 members of the church present, when Rev. J. Calvin Rose announced that the evening's subscriptions in cash and pledges amounted to the sum of \$20,000 with \$25,000 to be pledged yet to complete the important building program.

Significant is the fact that the 300 assembled at the fund dinner in the church Wednesday represented only 140 families out of the 550 families who are to be canvassed for finances to complete the building project. Two-thirds of the congregation are yet to be visited with the goal in sight for the immediate future, Rev. Rose announced. Already \$20,000 in cash was on hand before the dinner meeting in the church Wednesday.

Churchill Is Under Attack Of Laborites

Statements Are Strongly Assailed—Churchill Makes Angry Protest

LABOR REGIME IS FACING CRUCIAL VOTE

By TALBOT HOOD
G. S. Staff Correspondent

LONDON, Sept. 29.—A Labor attack on alleged "lies" by Winston Churchill led to an angry scene in the House of Commons today when debate was resumed on the government's financial policies and devaluation of the pound sterling.

With the labor regime facing two parliamentary votes which could mean its defeat and forced resignation, Health Minister Aneurin Bevan started out by saying:

"I welcome the opportunity of pricking a bladder of lies with the point of truth."

Churchill Protests

Churchill immediately jumped up to his feet and protested the use of the word "lies" as a violation of parliamentary procedure.

Bevan was allowed to continue, however.

He said that observers in foreign countries are puzzled by the fact that while Laborites have not lost a single seat in by-elections since they came to power, Churchill has been picturing the British people as under-nourished, fatigued and almost "down and out."

Stand Off On Votes

The Labor government's social program, smarting under Winston Churchill's bitter indictment, will stand or fall today on two parliamentary votes.

Political circles, however, be-

Arms-Aid Bill Given Approval

Measure Only Awaits President's Signature To Become Effective

PROVIDES FUNDS TO ARM ALLIES

WASHINGTON, Sept. 29.—(INS)—Only President Truman's signature on the \$1,314,010,000 arms-aid bill is needed today to start U. S. weapons flowing overseas to shield U. S. allies against possible Soviet aggression.

The president is expected to sign the bill as soon as he returns from a three-day trip to the midwest.

Congressional approval of the unparalleled foreign military aid bill late Wednesday ended a battle which began July 25 when Mr. Truman proposed the program in a special message to congress.

Closing debate was punctuated

"Big Sister" At Westminster

What can "big sister" teach "little sister"? At Westminster college each year an upper classman takes a freshman under her wing and shows her what's what around the college. Above, right, sophomore "big sister" Virginia Lightner of 331 Boyles avenue, New Castle, is preparing to escort freshman Peggy Snyder of Bradford to a picnic held on the campus Wednesday afternoon. Question? Who will carry the basket?

Wind Up Lengthy Ford Contract Negotiations

DETROIT, MICH.—Winding up 119 days of negotiating with a 34 hours continuous session, Ford Motor and UAW-CIO agreed to a new contract embodying the first pension plan for workers in heavy industry in United States. New Contract Averts Strike At Ford Plants

Agreement Reached On New Contract Providing Company-Financed Pensions

TERMS ARE REACHED EARLY THIS MORNING

By BOB CLARK
(I. N. S. Staff Correspondent)

DETROIT, Sept. 29.—The Ford Motor Company and the UAW-CIO today signed an historic new contract providing company-financed pensions which, when added to social security benefits, will pay employees up to \$100 a month upon retirement.

Strike Is Averted

The strike-averting agreement, based closely on President Truman's fact-finding committee's recommendation in the "Big Steel" dispute, was hailed as a "peace-setter" by both labor and industry spokesmen.

Some believe it may pave the way for a settlement of the steel controversy.

Although the United Mine Workers had a company-financed pension plan for a number of years, Ford is the first big employer in heavy manufacturing to adopt it.

Ford and the UAW-CIO came to terms early this morning, more than two hours after the deadline set for a walkout by 115,000 workers throughout the country. The strike was held up, however, pending the outcome of final efforts to reach a settlement.

The retirement program is effective as of last July 16 and the first payments will be made to pensioners April 1, 1950. The fund will be established a month earlier under the administration of a joint company-union board of trustees.

Atom Deadlock To Be Discussed In Secret

By PIERRE J. RUSS
(I. N. S. Staff Correspondent)

LAKE SUCCESS, N. Y., Sept. 29.—The "Big Six" powers discuss the three-year atom deadlock in secret session today, closely watched by nations alarmed by Soviet possession of an atomic bomb.

The group—Russia, the United States, Britain, China, France and Canada—will meet concurrently this afternoon with the political committee's debate on Greece.

The session will be taken up by the Plenary Session of the Assembly, which undoubtedly will accept China's complaint against Russia for its agenda. During angry opposition in the Steering Committee to this move yesterday, Soviet Foreign Minister Andrei Vishinsky declared that U.S. monopoly of the atom bomb "has lapsed."

Purposely Used "Atom Bomb"

Vishinsky refused to elaborate to correspondents but both U. N. officials and delegates concurred in the opinion that the Russian forces

'Lonely Hearts' Pair Convicted

Mother And Son Found Guilty Of Murder After Trial At Dover, Del.

DOVER, Del., Sept. 29.—(INS)—The shadow of the gallows hung over Mrs. Inez G. Brennan, 46, and her gangling son, Robert, 16, convicted of murdering Wade N. Wooldridge, her 67-year-old "lonely hearts" suitor.

The plumpish farm woman and her youngest son were found guilty last night by a jury of 10 men and two women after slightly more than four hours of deliberation.

Rober was found guilty of the actual slaying, with a recommendation for mercy that may save him from the hangman's noose. Mrs. Brennan was convicted as an accomplice. No mercy was recommended for her.

Life Imprisonment Likely

The verdict, however, may mean life imprisonment for both mother and son. Under Delaware law an accomplice cannot be given more severe penalty than the principal.

Delaware has never sent any prisoner under 18 to execution.

The pair received an automatic stay of sentence when defense Attorney Benjamin R. Donolow asked the court for additional time to file reasons for a new trial.

The court agreed to hear argument on Nov. 3. Sentence will not be passed until the court has ruled on the appeal.

Report French President III

May Touch Off Government Crisis By Resigning In Few Weeks

PARIS, Sept. 29.—(INS)—An informed Paris source has stated that French President Vincent Auriol is seriously ill and may touch off a government crisis by resigning within a few weeks.

The informant asserted that set

to talk to name a successor have already been held, and Premier Henri Queuille appears to be the most likely candidate.

The 65-year old Auriol, the source reports, is suffering from leukemia, a blood disorder. The President has been bed-ridden a good deal since the beginning of the summer. An unimpeachable source said the President has decided to step down and has already called Queuille to prepare the way.

The French cabinet is already in the throes of a crisis resulting from devaluation of the Franc. Finance Minister Maurice Petsche leads one group which wants to continue wage-freezing. Labor Minister Mayer heads another which favors salary adjustments.

"I'll be there."

The complainant is fashion model Robin Roberts who claims Bogart pushed her so hard in the night club incident that she fell to the floor and was bruised.

When the assault charge has been handled, said Miss Roberts, she may sue Bogie for \$50,000 in a civil action.

Negotiations In Coal Strike Are Resumed Today

WHITE SULPHUR SPRINGS, W. Va., Sept. 29.—(INS)—The United Mine Workers and northern coal operators resumed contract negotiations today, but neither side looked for quick termination of the 11-day-old coal walkout.

The UMW and southern operators met in Bluefield, W. Va., yesterday without result.

Miners in Virginia, however, indicated they probably would go back to work for the three-man state emergency fuel commission. Gov. William Tuck declared a state of emergency which permits the commission to operate the mines.

Tyrannical Action

Tuck, in a blistering attack on Mine Union Boss John L. Lewis, said that the "tyrannical action of a single labor leader" could not be allowed to endanger the health and safety of the people of the state.

The Bluefield meeting showed no indication of ending the "no contract, no work" strike of the UMW, and the White Sulphur talks were not expected to show more result.

Lewis has accused the mine owners of stalling peace talks until the steel labor dispute is settled.

CHURCHILL IS UNDER ATTACK OF LABORITES

(Continued from Page One)

It is highly unlikely that Prime Minister Clement Attlee's cabinet will meet defeat on either vote. The first will be Churchill's motion of censure, an amendment to the government's original confidence motion.

Voting on the latter measure, which endorses the government's devaluation policies and calls for an appeal to the people for support of social services and full employment, will follow.

A Laborite majority of 393 out of 640 seats in Commons is expected to prevail over the Conservative-Liberal opposition.

Yesterday, the House of Lords passed a "no confidence" amendment against the Laborite party, 33-24, but this cannot unseat the government.

Today's debate—the wind-up to a three-day emergency session of parliament called to discuss economic problems—will see top labor officials rise to the defense of their policies.

COAL TIPPLE IS BLOWN UP

(Continued from Page One)

Police sent into the Clearfield trouble area, said the tipple was blown sky high last night after the mine had shut down operations.

No one was reported injured but damage was estimated at \$10,000.

Robert W. Smith, president of the June Dale Coal Co., which operated the strip mine, said generators and motors were damaged or destroyed, the roof ripped off and one side of the building blown out.

Smith said he had ordered operations suspended yesterday after his trucks were stoned. One pickup was arrested and fined \$10 on disorderly conduct charges in connection with the stoning, police said.

eign minister had purposely used the designation "atom bomb" to let the West know that what President Truman called an "atomic explosion" was that of a bomb.

It is understood on reliable authority that both the United States and Britain are eager to give high priority to the Chinese complaint because, among other reasons, of a desire to keep a clear path for behind-the-scenes soundings on atomic controls.

With developments in Washington on probable sharing with Britain and Canada of atom bomb materials taking precedence over other steps, Assistant U. S. Secretary of State John Dewey Hickerson will participate in the Big Six sponsoring powers talk this afternoon without making a new move.

Await Russian Stand

It remains to be seen whether the Russians have something "new" to say on the issue. Top Western spokesmen in recent days have clearly indicated before the Association that they stand on the vetoless Baruch Control and Inspection plan.

A number of small-power delegations are also sounding out the prospects of mediating some sort of "modus vivendi" for breaking the impasse.

United States to back up economic aid to the non-communist world with weapons, provides:

1. For North Atlantic pact countries, one billion dollars.

2. For Iran, Korea and the Philippines, \$27,640,000.

3. For Greece and Turkey, \$211,370,000.

4. For the general area of China, providing the president wants to spend the money, \$75,000,000. Mr. Truman did not include China in his request but the senate inserted the fund.

In addition, the bill releases 450 million dollars worth of surplus U. S. tanks, guns and other weapons for immediate transfer abroad.

An advance of \$125,000,000 from the Reconstruction Finance Corp. would be used to repair the surplus weapons and keep the pipeline flowing.

ELTEKON CLASS WILL HAVE OCTOBER PARTY

Place cards and cleverly arranged corsages of baby mums marked the place settings for 39 guests when the Eltekon class of the First Methodist church held their final banquet on Tuesday evening.

The enjoyable function was held at the New Wilmington Grange hall. The charming table decorations featured lovely autumn flowers, colorful autumn leaves and tapers. Mrs. Richard Marquis and Mrs. Charles Phillips were responsible for the appropriate appointments.

Harry Lockley capably presided in the master of ceremonies role during the program. Mrs. Harry Lockley offered a toast to the members.

Richard Marquis, retiring president, was presented with a handsome gift by Mr. Lockley in behalf of the group in appreciation for his efficient administration during the past year.

Incoming officers for the approaching year included: president, Kenneth McDonald; vice president, Mrs. Harry Lockley; secretary, Mrs. Charles Phillips; treasurer, Howard Ausem.

A hilarious feature of the entertainment program was the presentation of an amusing and satirical skit written by Charles Phillips, pertaining to Rev. J. A. Gaisser's trip to Europe. Characters included Mr. and Mrs. Sid Lockley, Mr. and Mrs. Michael Bowden and Richard Marquis. Dancing occupied the remainder of the evening.

Committee for arrangements for the highly successful event included: Mrs. John Frazier, Mr. and Mrs. Richard Marquis and Mrs. Charles Phillips.

The October meeting will be in the form of a Halloween party to be held October 25 at the home of Rev. and Mrs. J. A. Gaisser, 406 Clemmons boulevard. Co-hosts will be Mr. and Mrs. Ray Putnam and Mr. and Mrs. Wayne Stover.

PRE-NUPTIAL FETE HONORS IRMA EK

A pre-nuptial shower was given in honor of Irma Ek and Delbert Jackson by the "B Natural" society of the Swedish Covenant church in Bessemer on Wednesday evening, September 28.

A clever entertainment program was presented to the group and delicious refreshments were served at a beautifully decorated table.

At an appropriate hour the couple was showered with many beautiful gifts.

The open church wedding will be an event of Saturday evening, October 8, at 7 o'clock in the Swedish Covenant church of Bessemer.

W. C. Club

Mrs. Orin Calderwood of 416 Garfield avenue was a charming hostess to members of the W. C. club on Wednesday evening.

Five hundred was the diversion of the evening, with prizes awarded to Mrs. Harold Clark, Mrs. Joseph Flynn and Mrs. Phillip Clark.

A delicious lunch was served by the hostess, assisted by her daughter Virginia.

Mrs. Joseph Mohr invited the ladies to her home on Homestead street on October 16 for a haloween party.

CO-WORKERS HONOR MISS MARJORIE BOOK

Miss Marjorie J. Book, bride-elect of October 8, was guest of honor at a shower given at the home of Miss Marian Dawson, 236 Euclid avenue. On Wednesday evening, 16 co-workers of the New Castle News gathered to honor Marjorie on the occasion.

Various amusing games were played during the evening. Prizes were captured by Mrs. Ray Frock, Mrs. William Sengenre, Miss Palma Julian, Miss Grace Glasgow and Miss Mary Carrigan. Several poems were read by Miss Beulah Ruthrauff.

Streams of pastel colors decorated the rooms. At a late hour, a dainty lunch was served by the hostess, assisted by Miss Jean Gross, co-hostess of the evening. The unusual centerpiece, flanked by white candles, was a miniature bride and groom under a white canopy trimmed with lily-of-the-valley.

The honored guest was the recipient of a lovely gift for her home.

Miss Marjorie J. Book, daughter of Mr. and Mrs. Leroy Book of the Willowbrook road, has chosen Saturday, October 8, as the date of her marriage to Dan Zoltani, son of Mr. and Mrs. John Zoltani, 539 E. Long avenue.

The "open church" ceremony will be solemnized at 6:30 o'clock in the Third U. P. church.

Miss Marian Dawson will attend the bride as maid of honor, and Miss Sally Lou O'Neill will be flower girl.

Attending the bridegroom as best man will be Charles G. Carrigan. Ushers will be Charles E. Stanley and Floyd E. Book.

RICKER-FISHER WEDDING NEWS

Twyla L. Ricker, 232 Hillcrest avenue, daughter of Mr. and Mrs. William Davis, Volant, became the bride of Ralph B. Fisher, 1500 Dormont avenue, Pittsburgh, on September 27, at 3 p.m. in the First Methodist church, Pittsburgh.

Rev. Raymond W. Faus was the officiating minister.

The bride was attired in a modish navy blue suit with autumn wine accents. A shoulder corsage of orchids complemented the attire.

The couple was attended by Mr. and Mrs. H. L. Severance and Mr. and Mrs. C. T. Williams of Pittsburgh.

After the ceremony, a wedding dinner was served at the William Penn Hotel in Pittsburgh.

The bride is a local beautician and the groom is affiliated with the Baltimore and Ohio railroad in Pittsburgh.

They will be "at home" to their friends at 232 Hillcrest avenue, New Castle, until October 15, when they will leave for an extended trip to the west coast.

SECTION F MEETS AT GARDNER HOME

At the home of Mrs. Clara Gardner of Neshannock avenue members of Section F of Y. L. B. class of Third U. P. church met on Tuesday evening.

Mrs. Gardner was leader of the evening. Mrs. Carrie Sines conducted the devotionals.

At the business session plans were made for future activities.

A delicious lunch was served by the hostess.

Next meeting is scheduled for Tuesday, October 11.

MRS. MCKEE HOSTESS TO ST. JOHN'S GROUP

Mrs. Anna McKee, 313 Englewood avenue, was a pleasing hostess to members of the St. John's Lutheran church Missionary society in her home Tuesday evening. Mrs. McKee, in addition to being hostess, was in charge of devotions, using as her theme "Ultimate Frontier Is You," Rev. A. E. Simon and Rev. W. J. Holmes closed the service.

Plans were laid to attend the synod convention in Wilkinsburg Cavalry church October 12 and 13. The group will also attend the West Conference meeting on October 26 at Ambridge. Announcement was made and plans were made to attend the City Mission Women's auxiliary meeting on Thursday evening.

The next meeting is on October 25, with the place to be announced. Lunch was served by the hostess.

Paul Kovach served as best man.

Immediately following the ceremony, a dinner was served at the home of the bride. In the evening, a dinner was served at the home of the groom's sister in Enon Valley. The couple has dispensed with a wedding trip for the present time. They are residing at 1002 Croton avenue.

The bride, a graduate of New Castle Senior High school, and the Chesborough Junior college of New York, was formerly a night nurse at the Lawrence County Home. The groom, a graduate of the Imperial High school, and the McSweeney Auto, Tractor and Electrical School of Cleveland, is employed at the New Castle hospital.

Games and music were enjoyed by the group after which Mrs. Weir, assisted by Mrs. John Weir and Mrs. Francis Weir, served a tasty lunch.

Mr. Weir received a number of beautiful gifts for the occasion. He is now retiring from active service with the United States Steel corporation, having been with the company for 42 years.

THE FUNDAMENTALS

W. Randolph Burgess, vice chairman of the National City Bank of New York, makes some observations which should have the attention of all Americans. They point out the practical fundamentals of this nation's economy which must be observed if disaster is to be avoided.

When the government spends more than it receives, he says, the authority of the government over everybody is continually increased, sapping human initiative, creating inflation and trending toward a dictatorship.

More than \$250,000,000 of government debt has been piled on top of \$230,000,000 of private mortgage. This compares with national income of \$225,000,000,000. It makes a high price structure to service the debt imperative. Prices will go up as the debt increases.

The only possible solutions are a balanced budget with enough left over to discharge the debt systematically, and the widest possible dissemination of public bonds among the people as a savings proposition and to increase interest in the problem of government.

As for economies to balance the budget, Burgess believes three or four billions could be saved by efficiency moves, another billion could be cut off the Marshall program and something more from the military services. That would balance the budget, avoid ruinous higher taxes and leave something for debt retirement.

America's situation is fairly stable, but it can be improved by economics, good debt management and a balanced budget. If this course is followed, Burgess is confident the present business uncertainty will not descend into a depression.

These are the rock bottom fundamentals of what is necessary for a stable and prosperous economy. Anything less is an invitation to trouble.

WASHINGTON FLOURISHES

One city which felt little of the recent "recession," or "economic readjustment," call it what you will, was Washington, D. C., which goes blithely on its way and bids fair to become one of the half-dozen largest cities in the United States, taking into calculation its spill-over population of Federal employees into nearby Maryland and Virginia.

If one visits Washington and takes time to drive over the outer stretches and into the two adjoining states he will be amazed at the amount of building that is going on. New houses are springing up like mushrooms everywhere and acres of apartment buildings are being constructed on all sides. Some of these apartments are going up a dozen miles from the Capitol in what seems almost like purely agricultural soil. But the men who are putting up these buildings are gambling on the prospect that the increase of government at Washington will continue.

Building is not the only sign of prosperity in the Nation's Capital. Retail business has kept increasing there while it has been slumping in nearly every other part of the country. For example: in the week ending July 30 sales in Washington, D. C., were up 28 per cent as compared with the corresponding week in 1948. Take a look at the record and see how it compares with other cities. The Houston Post, deep in the heart of Texas well asks:

"Why is Washington so prosperous? Why is so much money in circulation there and why is it being so freely spent? It may be due, as the Cleveland Plain Dealer opines, to the fact that Washington major industry is spending the nation's money. Most of the people in the District of Columbia live off the government—they are either federal employees or are engaged in furnishing goods and services to federal employees."

"Thus the large volume of purchasing power in the District is based on tax money drawn from the rest of the country by the government and the Plain Dealer wonders whether it has ever occurred to federal advocates of high taxes and big spending that one of the reasons why business is off in other cities is because it is so good at Washington."

Z-Z-Z-Z-Z-Z-Z-Z-Z-Z-Z-Z-Z-Z

Consistency is a great virtue, but it can be overdone. Mr. and Mrs. Biggs Coxe of Winterville, N. C., may be on the verge of getting into a rut. Not only have they had 11 children, but they have named them Zylphia, Zula, Zadock, Zeber, Zadie, Zenobia, Zeronald, Zesely, Zeola, Zoara, and Zelbert.

Z has always been an underprivileged letter, at the tail end of the alphabet. Mr. and Mrs. Coxe shouldn't be blamed for trying to give Z a helping hand. But isn't it a bit hard on the children?

We would approve if they took all 11 letter Zs to the zoo to see the zebras and the zebras, even in zero weather. It is all right with us if they play the zither, have a garden full of zinnias, wear zippers on their clothes, and bedeck themselves with zircons in tasteful zinc settings.

They may, for all we care, invite Zulus to dinner. They may become students of zetetics, zoology, Zoroastrianism, or contemplate the zenith and the zodiac with what zest they can muster up. They may zip their zigzag way through any zany zone they will.

But naming 11 children Z-something shows an excess of zeal.

English lecturer says Americans are a patient people. Also soft for a touch.

In View Of News Of The World

By J. C. OESTREICHER, INS Foreign Director

The long-range possibility of an eventual East-West struggle for the favors of now-isolated Spain arose today.

It lies implicit in the simple fact that Spain is rich in uranium ore, a valuable asset at any time and the top prize if Russia's apparently successful manufacture of an atomic bomb touches off a real armaments race in this field.

The Spanish National Geological Institute has denied reports that any new uranium deposits have been found.

But an official pointed out significantly and not without pride that uranium was discovered in Spain as far back as 1878.

Digging Enthusiastically

It is logical to assume that ever since atomic energy became what promises to be the prime factor in modern civilization, the Spaniards have been digging their uranium enthusiastically, possibly stockpiling it for future use at the international bargain counter.

He has received his full share of criticism, but no one ever has been able to accuse Generalissimo Francisco Franco of lacking in shrewdness.

Supervise, his regime and that of Communist Russia are bitter enemies. The western powers, under terms of a United Nations resolution, withdrew their ambassadors from Madrid and are represented only by lesser officials.

In addition, the U.N. General Assembly has denied Franco the right to send delegates even to any of the organization's special committees.

But despite all this ostracism, the generalissimo has succeeded in doing business with all the world, keeping old trade agreements in effect and signing new ones.

Remains Pivotal Factor

The net result has been in spite of everything Spain remains something of a pivotal factor in the affairs of Europe and the world.

Great Britain never can forget for a second that Gibraltar actually lies on Spanish soil. The great "Rock" was captured by Dutch-assisted British troops after a three-day siege during the wars of the Spanish Succession in 1704.

Since then every succeeding

British king, admiral and general has done everything possible to make every grain of soil and blade of grass an integral part of Britain.

But there were many uneasy moments in the last war when Franco's Fascist tendencies raised the possibility that he might join with Hitler and Mussolini and overwhelm this Mediterranean fortress.

The constant search for uranium

deposits by American and Canadian geologists and Russia's frenzied exploitation of those in Czechoslovakia emphasize the need on all sides for vast stores.

Enormous amounts must be pro-

cessed to extract the vital element known as U-235 which is the key to all atomic energy as well as the A-bomb itself.

Bond To Be Wooed

It stands to reason, therefore, that any nation possessing uranium is bound to be wooed by countries which need it and Franco thus walks back into the international picture with what easily could prove to be a trump card.

The Parent Problem

By Garry C. Myers, Ph. D.

A NEW BABY IN THE FAMILY

I HAVE long admired the fine constructive teaching by Prof. Carl Kardatzke of Anderson College, Anderson, Indiana. He gives his students of education and child psychology not only the essential information in these subjects but also gives them ideals of family life and inspires them to search for spiritual values in a wide and practical sense. Dr. Kardatzke also de-

votes considerable time with groups of parents in various parts of the country. His own young, happy family provide his laboratory where his wife is his chief technician, enriching his philosophy and helping him keep his feet on the ground.

Recently, I received a short bul-

letin from Professor Kardatzke, written by his wife: "It's Fun Having a Family." It is a copy of a paper she prepared for a local mother's group.

In her unusual way she tells of

the first joys of expectancy and adds: "Then when that baby actu-

ally moved within you your heart skipped a beat!" You told your friends, of course, and "their eyes sparkled, they grinned from ear to ear without exception and patted you on the back as if you had won a medal!"

Baby's Wardrobe

The shower by your friends, and your own addition to the baby's wardrobe. "Then came the day when the infant nestled in your arms for the first time. 'My very own,' you said. 'So perfect; ten little fingers, ten little toes!'" You counted them, you know you did: As if by magic all the memories of morning sickness, headaches, pressure pains, and all vanished in thin air!"

The few drudgeries of diapers, night feedings and sterilizing bottles and preparing formulae faded in your memory as you enjoyed the early smiles, the first tooth, the first word. And with each child came more of family oneness.

Dinner Hour

How fast the mealtimes roiled "Always there were little faces and a couple of big ones to feed." Then her picture of the happy dinner hour: "If tables could talk, a real story they could tell, for it was around the table that more living was done than at any other place. It was here that the children told their endless schoolroom experiences. It was here that each one aired a minor grievance or two between his play mates. Here too, the family met in council to tell first of all the things for which each one was thankful. It was around the table that the

THE WORLD AND THE MUD PUDDLES

(Continued from Page Four)

Kingdom are not in an uncomfortable position, England cannot possibly support its population from its own resources. The bulk of its foodstuffs must come from abroad, and imports are much greater than exports every year, but in the past the difference has been made up by so-called invisible exports. From the Napoleonic era to World War I, England was the world's banker. International sales and purchases, including those of the United States, were made in pounds sterling and settled by bills on London—with resulting commissions. The commerce of the world was carried by British shipping and insured by British underwriters, at a price. Trade with the Colonies and Dominions was on a preferential basis, sometimes bordering on exploitation, and was immensely profitable. Huge British investments in American stocks and bonds yielded a steady flow of dollars in dividends and interest. American tourists, in addition to their travel on British ships, spent almost incredible amounts in the course of their jaunts.

All This Is Changed

Now all this is changed; the dollar has supplanted the pound as an international medium of exchange on account of its greater stability, and balances are cleared through New York; a large part of the British merchant marine was sunk by enemy action and has been replaced by American bottoms with insurance in American companies; the Colonies and Dominions have asserted their political and economic independence and no longer pay tribute; investments in United States securities were liquidated to pay expenses of the war and no longer furnish revenue; the free-spending American tourists are avoiding the British Isles on account of the exorbitant prices caused by the fictitious cost of sterling exchange. Added to this gloomy picture is the casualty list of two wars, numbering three million of the country's most useful and energetic citizens, to say nothing of the material damage done by German bombs and amounting to billions.

Extremely Discouraging

From any angle the future of England is extremely discouraging, and the revaluation of the pound, while it is a temporary palliative, by no means solves the problem. To gain any relief exports will have to be increased tremendously both in quantity and quality without raising costs by increased wages or otherwise, at the same time keeping imports at the present, or a lower level. Under the new valuation over forty per cent more goods must be sent to the United States simply to maintain the present unsatisfactory status, and with a fifty per cent rise in the price of imported foodstuffs, notably bread, the Labor Government cannot long resist a general wage increase. In 1952, interest payments are due to start on the dollar loans, and in one year they will require two hundred thirty-four million dollars, which is more than the total indicated exports to the United States for the year 1949.

To put the matter bluntly, England can no longer make a living.

The population is much too great for the economic potential of the country, and it cannot be self-sustaining without lowering the standard of living to a point intolerable to the British mind. Industrial processes are so antiquated that they cannot compete with the more progressive and, both tradition and socialism resent mechanization and modern methods. The only solution appears to be a mass migration to such places as Canada, Australia and South Africa, where opportunities abound for those who can forget union wages display and the pioneer spirit and go to work.

Children's Diseases

When the youngsters had the usual children's diseases it wasn't fun. Yet you read stories which made the children happy and you figured out new ways of entertainment. "Your friends stood by you with love and sympathy, ready to help, and you were made to feel deep down within you that it was a joy to have a family even in the valley experiences." This booklet

problem of who should wash the dishes and when was decided.

"Yes, if the table could talk, it would tell of childish prayers for food; sometimes prayers that made you bite your tongue to keep from laughing, yet you knew all the time that the prayer was most acceptable to God."

Children's Diseases

Close to the time I received this bulletin I read a newspaper item headed: "Parents Find 18,121 Assorted Pleasures, Only 7,654 Headaches in Rearing Children"—a study from Columbia University. Foremost among the pleasures of having children, according to this research, are watching their personalities unfold and enjoying their companionship.

Try And Stop Me

By BENNETT CERF

If one of those "Most Embarrassing Moment" contests ever is held in Nova Scotia, the first prize unquestionably should go to Police Lieutenant Victor Apedale. The lieutenant testified in court that a slot machine seized in a

gambling raid never paid off. He put in a single coin to demonstrate to the jury—and hit the jackpot!

Joe Cannon, speaker of the House of Representatives from 1903 to 1911, was known more for his candor and explosive temper than for tact. Accordingly, he had many bitter enemies. One day an intimate confided that another congressman was circulating a number of particularly vile rumors about "Uncle Joe." Cannon chewed his cheroot thoughtfully and said, "Well now, that's mighty strange; I can't account for it at all. I can't remember having done that fellow a single favor."

Allene Talmey, one of the illustrious sophisticates who edit Vogue Magazine, defines a liberal as "a radical with a wife and two children."

Award Contract For House Razing

Old Early Home To Be Torn
Down To Make Way For
New Detention Home

OTHER EVENTS IN COURT HOUSE

George Griffith has been awarded the contract for razing the old Earley home near the court house. His price is \$1792.

The old home, once one of the East Side landmarks, is in dilapidated shape, the inside has been gutted by thieves, and it would be less expensive to build a new detention home than improve the old Earley home.

The county commissioners have reserved all stone in the building but Mr. Griffith gets all other materials for salvage in addition to receiving his contract price.

Tentative plans for a new detention home have been prepared for the county commissioners and some action looking towards a new building is expected before too long.

GAS BILL SEEMS WRONG

County Controller Andrew M. Dodds on Wednesday drew the attention of the county commissioners to the current gas bill for the

county home. Instead of about \$85 which the home has been running, the bill is for \$222. The commissioners will ask the gas company to investigate its meter.

OFFICIAL COUNT WRONG

County Commissioner Joseph F. Travers said the official return for

Dimes For Deshon Drive Saturday

Annual Tag Day For Fund To Aid Patients At Vets Hospital Planned

WOMEN TO STRING TAGS THIS EVENING

Arrangements are virtually complete for the annual Dimes for Deshon tag day, which will take place here on Saturday, October 8, to secure funds to provide little comforts, which the government does not provide, for the veterans who are undergoing treatment for war disabilities at the Deshon hospital at Butler, general chairman of the Bell, Bell, Stated today.

The tags will be sold on the streets here a week from Saturday by junior high school students, and the entire proceeds secured from this tag day will go to this worthy purpose.

String Tags Tonight

This evening, a meeting of the women of the various veterans auxiliaries will be held in the rooms of Post 315, VFW, for the purpose of stringing these tags, so that they will be ready for the tag day Headquarters for the tag day will be in the rooms of Post 315.

The fund is administered in cooperation with Mayor John F. Haven, who was one of the originators of the idea.

A report of the receipts and expenditures during the past year, certified by Mrs. Edna Reimold, secretary to the mayor, shows that on October 6, 1948, there was a balance of \$329.34 in the fund, with receipts from last year's tag day netting \$1,019.08. Expenditures incidental to the campaign were \$64.47, leaving a net of \$1,233.95.

Magazine subscriptions totaled \$580.25, plus \$2.36, which were purchased on November 8, 1948. On November 12, a return of \$15 was made due to a cancellation on one magazine subscription, and additional magazines were bought with this money. On February 17, 1949, church programs were provided, which with postage amounted to \$62.35. In July 26, 1949, a donation of \$300 was made to the New Castle hospital fund, making total expenditures of \$960.11, leaving a balance of \$338.84 in the fund.

RELIEF DATA

HARRISBURG—The total number of persons dependent upon public assistance in Pennsylvania increased by 11,981, or about three per cent, during August. Increases by type of assistance were as follows: Old-Age Assistance—746 persons; Aid to Dependent Children—5,653 persons; Blind Pensions—53 persons; General Assistance—5,29 persons.

The term A-1 was introduced by Lloyd's of London, in regard to ships, and meant that the hull, anchor, tables and stores were first rate.

Tired Kidneys Often Bring Sleepless Nights

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up frequently at night, frequent urination, headaches and dizziness. Two Charges In Beaver Falls Case Are Ruled Out

BEAVER FALLS, Pa., Sept. 29—(INS)—The defense opened its case today to refute charges of involuntary manslaughter against rookie patrolman Robert E. Thatcher in Beaver Falls.

Charges of second degree murder and voluntary manslaughter against Thatcher were dismissed by Judge Morgan H. Sohn yesterday. The jurist ruled that the Commonwealth had not provided sufficient evidence to justify a jury's deliberation on either charge.

Special prosecutor James B. Ceris of nearby Ambridge said the state had not decided whether to appeal Judge Sohn's decision.

Thatcher has been charged with causing the death of Sebastian Medaglia, Jr., 29-year-old Beaver Falls restaurant owner after a scuffle in the Beaver Falls police station last July 8. Medaglia died in the hospital from a fractured skull four days later.

WOMAN FATALLY BURNED
NANTY GLO, Pa., Sept. 29—(INS)—Mrs. Minner Gongloff, 23-year-old mother of a four-month-old baby, died yesterday from burns suffered when a can of kerosene exploded in her Nanty Glo home.

Mrs. Gongloff's baby, husband and sister, however, escaped with minor burns. Police said Mrs. Gongloff put kerosene in her stove, then lighted it. She was showered with the flaming fuel.

Latest Violence In 16-Week-Old
Strike Results In Fifteen
Arrests

NIAGARA FALLS, N. Y., Sept. 29—(INS)—Plant guards and Niagara county deputy sheriffs threw tear gas and smoke bombs today to disperse about 165 picketing strikers at the Bell Aircraft Corp. plant.

About 15 strikers were arrested.

The latest violence in the 16-week old strike of United Auto Workers-CIO members occurred when a motorcade of 200 cars, including buses, attempting to enter the main gate of the plant with non-strikers, escorted by deputy sheriffs.

At the gate were three male pickets and 12 wives of strikers carrying placards. They allegedly attacked the motorcade with sticks and the placards in an effort to keep non-strikers from entering.

About 150 Others Join In

About 150 other strikers who were standing around across the street joined in the melee.

At this point the guards and deputy sheriffs began hurling tear gas and smoke bombs and sent the pickets scurrying off through nearby fields.

Negotiations to settle the long dispute are deadlocked and Bell officials have refused to attend further mediation sessions. The dispute involves pay increase demands, as well as the issues of pension and an insurance plan.

**Man Is Wounded
In Mine Gun Battle**

SIPSEY, Ala., Sept. 29—(INS)—A truce backed by a sheriff's statement that "the trouble is over" promised peace today at a non-union Sipsey coal mine where one man was critically wounded in a two-hour, 1,000-round gun battle.

Sheriff Grover Baggett said the wounded man, Herschel Davis, was shot last night at the Preskett

mine. The 51-year-old disabled miner underwent an operation at a Jas-

per, Ala., hospital for wounds in his stomach, chest and face. Baggett said Davis was "with the union side."

The mine, manned by six members of the Preskett family and three employees, reportedly was attacked twice because it continued operations despite the nationwide United Mineworkers' strike.

They were taken before Juvenile

Officer Charles D. Ross, and after being ordered to report to him today, were taken to their homes by the police.

**Third Major Honor
To Be Conferred
On State War Hero**

STATE COLLEGE, Sept. 29.—Dedication of the Garfield Thomas water tunnel at the Pennsylvania State college on October 7 by Secretary of the Navy Francis P. Matthews will mark the third major honor conferred on the Pennsylvania war hero.

The tunnel is named for the late Lieut. W. Garfield Thomas, Jr., son of state deputy secretary of mines W. Garfield Thomas and Mrs. Thomas of Colver, Pa., who was killed in action.

On the night of October 11-12, 1942, in the battle of Cape Esperance, Solomon Islands, Lieutenant Thomas remained at his post aboard the USS Boise, which had sent to the bottom six enemy ships. He succeeded in saving the lives of 11 men, but lost his own life when the Japanese scored a hit on the ship.

For his heroism, the President awarded the Navy Cross posthumously to Lieutenant Thomas. In 1943 the navy named a destroyer escort, the USS Garfield Thomas, in his honor.

The water tunnel, now nearing completion, will be the world's largest water tunnel. It will be used by the ordnance research laboratory at Penn State for designing, improving and testing underwater devices.

Lieutenant Thomas, who was graduated from Penn State in 1938, was one of the first of more than 400 alumni of the college to die in World War II.

Students in Pakistan schools have a new set of history books, prepared and approved by the Pakistan History Board.

Of King George**

LONDON, Sept. 29.—(INS)—Miss Marion Stein, a dark-eyed Austrian refugee who fled Nazi persecution some years ago, was married today to King George's nephew, the Earl of Harewood, eleventh in succession to the British throne.

Hundreds of women gathered outside St. Mark's church to get a glimpse of the couple and the royal family, broke through a police cordon half an hour before the ceremony. They tramped on children in an effort to reach the church steps.

MISSION STUDY DAY was announced for October 18 in the church, with the Naomi Circle to serve the luncheon. Mrs. Frank Fehl and Mrs. Joseph Hartman will speak. Mrs. Fehl will discuss the book "Brother Van" while Mrs. Hartman will use "Which Way Japan?" for her discussion.

Mrs. D. L. Buckley, Mrs. Robert L. Weber and Mrs. Fred Lipp served a delicious lunch.

The next regular meeting is planned for November 23.

**Future Activities Planned At Meeting
Of Local Catholic
Organization**

WASHINGTON, Sept. 29.—(INS)—The state department announced today that Chinese Nationalist war vessels halted three American merchant ships attempting to maintain trade with communist-dominated Shanghai.

The three vessels all belong to Isbrandtsen Lines of New York City. They are the Flying Trader, the Flying Independent and the Flying Clipper.

The Flying Trader, which was also stopped and searched at the Suez canal by the Egyptians then maintaining a blockade of Palestine, was inbound for Shanghai from Hong Kong.

The Flying Independent and Flying Clipper were outbound after having unloaded their cargoes largely cotton for Shanghai's textile mills.

were received at the meeting. Rev. Fr. Francis McCarter, the newly appointed director of the Knights of Columbus, discussed the aims and purposes of the group and urged more members to attend. The group meets every Thursday evening at the hall.

Paul Griffith, lecturer, reported the activities and program of the entertainment committee and made a report on the recent quarterly Commission held in St. Joseph's church. Plans for Columbus Day party for members and their wives were formulated. Special arrangements have been made.

Benediction by Fr. McCarter closed the meeting. October 13, is the next meeting.

HONOR COTTAGES

BOWLING GREEN, O.—(INS)—

The second annual court-police workshop at Bowling Green State University has proposed a plan whereby delinquent children would be placed in "honor cottages" before being released from state institutions.

Why Do They Want to Put A&P Out of Business?

The answer is to be found in the formal complaint "they" have filed with the court. By "they" we mean, of course, the anti-trust lawyers from Washington who are out to destroy A&P.

They say . . . and these are the anti-trust lawyers' own words . . . that we "have regularly undersold competing retailers."

To this charge we plead guilty:

We confess that for the past 90 years we have constantly stepped up the efficiency of our operations in order to give our customers more and more good food for their money.

The American people have seen nothing wrong in this. By their ever-increasing patronage for 90 years they have shown that they like this low-price policy.

Apparently the people still see nothing wrong in this today. All during the past week — since the anti-trust lawyers made their charges — we have been deluged with phone calls and letters from men and women in all walks of life who want us to know they are opposed to this effort to put A&P out of business.

An enormous number of customers are telling our store managers and clerks that they want to continue to enjoy our low prices for quality foods.

Farmers and other suppliers are asking what they can do to preserve this efficient outlet for their products.

Our 110,000 employees are asking us to protect their jobs and pensions.

Labor leaders are wiring us their opposition to this threat to labor's living standards.

If all these people will be hurt, why then do the anti-trust lawyers want to put A&P out of business?

Low Prices Don't Hurt Anyone

The anti-trust lawyers say because we are able to sell food cheaper than other grocers, we make it impossible for those grocers to compete with us.

If this were true, we should have all the food business in the United States by this time.

Just the opposite is true. In 1933 we had 11.6 per cent of the nation's food business. Now, according to the anti-trust lawyers, our share has decreased to 6.4 per cent in 1948. Anyone can see we have nothing even approaching a monopoly.

As a matter of fact, there are about 30,000 more individual grocers in business today than there were ten years ago.

There are about 275 more food chains in business today than there were ten years ago.

In other words, we have more competitors in the food field and do a smaller share of the nation's food business than before.

Where is this alleged destruction of other grocers? Where is there any evidence of their inability to compete with us?

Do You Want Higher Prices?

As anyone can see, the only purpose that would be served by putting A&P out of business would be to raise food prices.

Who would this benefit?

We were the first merchants to set the pattern for low-cost, low-profit distribution. Our example and our competition has led other grocers to keep their prices down.

Remove A&P from the picture and food prices are bound to go up.

Remove A&P from the picture and the way will be cleared for the destruction of every other efficient large-scale distributor.

Is this what the American people want?

Is this in the public interest?

ISAIAH IS CALLED

APPOINTED BY JEHOVAH TO PROPHESY

Scripture—Isaiah 6.

By NEWMAN CAMPBELL
Prophecy is as old as mankind. We have prophets in our modern day—men who try to warn us of disasters, or, fortunately for us, to show us how even the inventions that can bring horror and death, can, if properly used, also bring peace and benefits to all mankind — namely, atomic research.

World War I was foreseen by many men of world vision but people generally considered the world was then "too civilized" to risk such a calamity. The prophets were correct.

Many predicted World War II, and uttered warnings. The portents were largely ignored, although they did bring fear and dread—also incredulity that such a thing could happen twice in one generation.

The sixth chapter of Isaiah, the greatest Hebrew prophet assigned for today's lesson, begins: "In the year that King Uzziah of Judah died, I saw also the Lord sitting upon a throne, high and lifted up, and His train filled the temple."

Uzziah had reigned for 52 years, and his reign had been a happy and prosperous one. Now the throne was vacant, and forebodings of trouble were rife.

Uzziah died in 734 B.C., and in the succeeding years, when Isaiah was prophesying, Rome was founded.

It was a time for people to repent of their sinful way of living, to turn to righteousness and to correct the abuses in the government of their land.

It has been said of this chapter in Isaiah, that it "stands unrivaled in the Old Testament, both for grandeur of conception and the majestic simplicity of its style."

The reader will be reminded forcibly of St. John's Revelation, and should re-read the latter.

"Above it (the throne) stood the seraphim, each one was covered with six wings; with twain he covered his face, and with twain he covered his feet, and with twain he did fly."

"And one cried unto another, and said, Holy, holy, holy, is the Lord of Hosts: the whole earth is full of His glory."

The seraphim are sinless creatures who offer unceasing worship to God.

"Then said I, woe is me! for I am undone; because I am a man of unclean lips, and I dwell in the midst of a people of unclean lips: for mine eyes have seen the King, the Lord of Hosts."

"Then flew one of the seraph-

Isaiah.

"Here am I; send me."—Isaiah 6:8.

to tell his people of the troubles descending upon their country. The kingdom was doomed to devastation and annihilation by the then imperial power of that world.

He was to warn them of all this, but they would not hear him or understand, for their "ears would hear but understand not, and see ye, indeed, but perceive not."

To the children in the class Isaiah's response to the Lord's question may be made a suggestion for their own everyday living. When parents ask who will do a certain thing—run an errand, set the table—without question or quibble, may they train themselves to answer: "Here am I; send me."

That is a good motto for us all, and is our Memory Verse today.

Today's Fashion Flash

NEW YORK, Sept. 29.—(INS)—A medical mode called "hearrings" was introduced today in New York. It consists of a pair of either

tailored or fancy earrings, encasing the smallest and most sensitive of hearing aids.

In their first year of production, makers are introducing their high-style doctor's prescription in silver or gold-filled metal only. Next year, they hope to go into rhinestones, beading and pearls.

The thumbnail-sized hearings

are attached to fine, skin-colored wires which twine down the wearer's neck to a hearing receiver that clamps to her brassiere in back.

OMAHA—Corn has never been found in a wild state and its origin is mystery. Evidence indicates that the plant from which it is derived is now extinct.

Yom Kippur To Be Observed Sunday

Most Solemn Day Of Hebraic Calendar To Be Marked With Special Services

The Sabbath will be ushered in at Tifereth Israel synagogue with a religious service at 5:45 p. m. Friday. The late service will convene at 8:15 p. m., commemorating the Sabbath of Repentance this week.

Rabbi Jules Lipschutz will officiate and preach a special sermon on the subject "Mankind and the 23rd Psalm". Rev. Benjamin Miller, cantor, will chant the liturgical selections for the Sabbath. The reception at the Oneg Shabbat will be tendered by Mr. and Mrs. David Kosch and Mr. and Mrs. William Myers.

The Day of Atonement called Yom Kippur, the most sacred and solemn day of the Hebraic calendar will be ushered in on Sunday evening, October 2, at 5:30 with the chanting of the traditional Kol Nidre prayer. Rabbi Lipschutz will preach Sunday evening on the theme "Essentials For Existence" and will speak Monday morning on the subject "A Memorial and Atonement of Man". Rev. Benjamin Miller, cantor, will chant the Yom Kippur liturgies with the Tifereth Israel choir.

The junior congregation will conduct special services on Monday morning, October 3, at 9 o'clock sharp in the Tifereth Israel vestry building under the direction of Rabbi Lipschutz. Philip Sigler a student of the religious school, will preach the sermon. The climax of the penitential sermon is reached through Yom Kippur, which comes on the tenth day of the Hebraic month of Tishri and is known as the Day of Atonement or Yom Hakodesh, the Holy Day. The Biblical text of the holiday is found in Leviticus 16:29. "And it shall be a statute for ever unto you; in the seventh month, on the tenth day of the month, ye shall afflict your souls, and shall do no manner of work, the homeborn, or the stranger that sojourns with you. It is a Sabbath of solemn rest unto you, and on ye shall afflict your souls, it is a statute for ever" which is signified by a strict fast day, solemn and penitential liturgical prayers and intercession for mankind universally.

Around Hollywood

By FRANK NEILL
(International News Service Staff Correspondent)

HOLLYWOOD, Sept. 29.—Back in the dimmer days when Hollywood consisted mainly of lemon groves, practically any cowboy could crash the studio gates.

He was in like a burglar if he (1) Was at least as handsome as Gargantuus, the gorilla; (2) Could sit astride a horse and (3) Sounded reasonably convincing in the "Which-way-did-thee-go?" routine.

With the advent of such classical screen cowboys as Roy Rogers and Gene Autry, the prime requisite of a hoss-opry star was ability to sing and strum a guitar.

Cowboy actors flocked frantically to vocal teachers. Sears-Roebuck tripped its guitars sales in all states west of the Mississippi. The birth of sound pictures did not create as much consternation in Hollywood as did the coming of the guitar along Gower Gulch, where movie stars hang out.

Tough Racket

Today when youthful newcomers like Rex Allen hie to Hollywood to carve a career in western flickers, they discover they are struggling in a highly competitive and diversified field of endeavor. Among other things the cowboy needs imagination and originality.

When Allen launched his picture pitch in Republic's "The Arizona Cowboy," he learned that he needed to muster all his ingenuity in the minor matter of clothing alone.

Must Look Part

He had concocted a No. 1 rule while working as a radio cowboy in Chicago: Never, under any circumstances, wear duds that would cause the folks back in his home town of Wilcox, Ariz., to snicker. He must look like an honest-to-injun cowboy.

From that point on the stratosphere was the limit—except that he also must not encroach upon ideas unofficially "patented" by fellow actor cowboys.

Pet Trademark

Each western wheel uses a cos-

a working cowboy. His wardrobe is dominated by rugged levi bretches and striped shorts.

Has Hats Dyed

Rex Allen, in lining up a decorative device that is his own pet trademark.

Roy Rogers features fringed shirts, with thunderbirds conspicuous in the embroidery on every chunk of clothing. Autrey made flowered shirts famous, and the gaudier the better. Bill Elliott always sports "bib-front" shirts, fastened with rows of buttons.

Allan "Rocky" Lane is strictly dyed in bright colors to match his shirts.

These movie cowboys take their outfits seriously. They spend more dough for their duds than any glamour gal actress in Hollywood.

You can reheat rolls in the top of a double boiler over boiling water; or you can wrap them in aluminum foil and heat them in the oven.

Men, Women! Old at 40, 50, 60! Want Pep?

Want to Feel Years Younger?

Thousands quizzed at what a little popping up with Osteo has done for them. Osteo has a body that just because low in iron, also supplement doses Vitamin B1, calcium, New Zealand tablet. These are the same tablets for men, younger feeling, this very day.

At all drug stores everywhere—in New Castle, at Eckerd's and New Castle Drug.

Break Stalemate On Foreign Aid

House And Senate Conference
Agree On Five Billion \$89 Mil-
lion Dollar Aid Bill

WASHINGTON, Sept. 29.—(INS)—House and Senate conferees on Wednesday broke a two-month stalemate and agreed on a five billion \$89 million dollar foreign aid appropriation bill.

The deadlock was broken when House members agreed to continue the Congressional foreign aid "watchdog" committee and to authorize a German plant dismantlement survey. Both were Senate proposals.

The final bill, which went to conference on Aug. 9, provides for:

The Marshall Plan for the year which began June 30—\$3,628,380,000. This was the amount passed by the Senate.

The last three months of Marshall Plan spending in fiscal 1949—\$1,074,000,000.

Export-Import bank lending authority—\$150,000,000.

Government and relief in occupied areas—\$912,500,000. This "split the difference" between the House-approved \$925 million and the Senate's \$900 millions.

Greece and Turkey aid—45 million dollars, the amount voted by the Senate.

Watchdog committee from Oct. 1, 1949 until June 30, 1950—\$110,000. The Senate had voted \$344,000 for this. The House provided nothing.

Members said it was unlikely the bill could be called up in the House today because of an afternoon conference on the civil functions appropriations bill. But, the measure is expected to get swift approval in both the House and Senate.

42 LICENSES REVOKED

HARRISBURG — In the week ending Sept. 9 the Bureau of Highway Safety withdrew the cards of 543 drivers. Of this number 42 were revoked and 501 suspended. Operating privileges were restored to 418.

Government Officials Discuss Atomic Plans

By FRANK B. ALLEN
(I.N.S. Staff Correspondent)

WASHINGTON, Sept. 29.—Government officials on Wednesday discussed plans for increasing atomic facilities, uranium ore production and scientific personnel as a result of the Russian atomic explosion.

Sen. McMahon (D) Conn. said a meeting of his congressional atomic committee with Atomic Energy commission officials was the first of a series being held to re-assess our plans for the future.

McMahon added:

"These plans encompass increased facilities, increased ore production and an increase in scientific personnel."

McMahon said some of the plans can be carried forward within existing appropriations. There has been no indication so far that the Russian bomb explosion will bring an administration request for more funds immediately.

AEC Chairman David E. Lilienthal broke off a 60-day vacation he began in mid-August and returned to Washington from Maryland's Vineyard for today's conference.

Could Be Increased

McMahon said ore production could be increased domestically. He declared that American deposits "are not presently producing enough" for the United States program. He said:

"There are in this country sources from which more intensive development would increase production."

For increased personnel, McMahon said he "had in mind" that "some fine nuclear physicists who are now teaching" might be induced to join in the atomic program.

McMahon said that there was "agreement in the committee that we must proceed by every effort to increase facilities." He told newsmen:

"This was the first of a series of meetings for the purpose of surveying plans for the future with the view in mind of increasing and maintaining our present superiority in the atomic field."

McMahon announced that three or four additional meetings are planned with the joint chiefs of staff to be present at one of them.

Bad Luck Vicki

Mrs. C. G. McConnell Dies At Toronto, O.

Word has been received here of the death Wednesday morning of Mrs. Cargill G. McConnell, 1203 North River avenue, Toronto, O. Mrs. McConnell was the former Vera Faye Jefferson and taught at Thaddeus-Stevens and Martin Gantz schools here before her marriage.

Later she became a registered nurse graduating from the East Liverpool, O., hospital.

She is survived by her husband who was formerly employed at the Lowellville Power Station but is now at the Toronto Power Station of the Ohio-Edison Co.

She is also survived by the following children: June Marilyn, Cathleen Faye, Charles G. and Linda Marie, as well as her father and a number of brothers and sisters.

Locally she was the sister-in-law of Mrs. Ethel Williams, Delaware avenue. Mrs. Helen Anderson, Wilmington road, Wm. Norman McConnell, Beckford street, and Mrs. Sophia Brigham of Greenville, Pa. Funeral services will be conducted Friday at 2 p.m. from the Paisley Funeral Home at Toronto, O.

FIRE AT MONESSEN

MONESSEN, Pa., Sept. 29.—(INS)—Damages were estimated at \$10,000 today from a fire in the Monessen business section.

The blaze broke out yesterday after an explosion in Gaudio's Men's Store. Firemen said fuel used in a pressing machine blew up.

REPORTS THEFT

Tommy Leach, local boxing promoter, reported to police that while his auto was parked on Grove street, near the Arena, during the fights last night, someone stole a large bird ornament, worth several dollars, from the hood of his car.

NEWS YORK, N.Y.—Hard Luck is again dogging the steps of vivacious Vicki Evans, former burlesque girl from Pittsburgh. She is being questioned today in the New York district attorney's office on Hollywood charges that she helped "frame" Robert Mitchum and Lila Leeds in a marijuana raid. Vicki was acquitted on a marijuana charge at the time Mitchum and Leeds were sentenced to a jail term.

"Assignment; America"

By INEZ ROBB
(Reg. U. S. Pat. Off.)
(Distributed By International News Service)

PARIS, Sept. 29.—Americans swarm to Paris for an infinité variety of reasons, some of them printable.

But I believe I have the distinction of being the only American to come to Paris this season primarily for the purpose of unraveling the mystery of the pink silk sheets. I will say now that it has been solved to my complete satisfaction.

When I was last in Paris, in June, 1939, my bed at the hotel George V was draped in lush sheets of pale pink silk, my first and last experience with such sumptuous splendor, as I do not ordinarily travel with the silk sheet set.

My anxiety over those sheets began in 1940 when the Germans occupied Paris and Gen. Von Stuepnagel transformed the George V into German general headquarters.

Couldn't Think of It

I could not bear to think of any German wrapped up in my pink silk sheets. I used to suffer considerable pain at the possibility that Goering had stolen them for his fat Emmy or that Hitler had commandeered them for his hideaway.

Even after Pearl Harbor, when I shared with other American women the worries occasioned by menfolk on the front, I still found intermittent time to work myself into a later over the possibility that Von Ribbentrop might now have my silk sheets.

I had no sooner registered at the George V than I assaulted the office of Max Blouet, who has managed the hotel since it opened 21 years ago, and asked my trembling question about the fate of the sheets.

M. Blouet, who learned all about Americans by working at the Book-Cadillac in Detroit for five years after it opened, said with grave appreciation:

Only One Who Worried

"Mme. Robb, you are the only person who has worried about my sheets. But let me assure you they are safe."

All the time the Germans occupied the George V, the silk sheets, as well as the best linen ones, re-

wished an expert to run its headquarters.

It asked the whereabouts of the manager of the George V, discovered him in a German prison camp and promptly assigned him to running the hotel for the German general staff.

Good Pieces Never Returned

Then began M. Blouet's careful plan to save the rest of the hotel's fine pieces of furniture. They were sent, one by one, to cabinet makers to be repaired, while substitute furniture filled the rooms. Some how, the good pieces never returned to the hotel.

Which is the reason the hotel looks the same to you today as it did in June, 1939?" M. Blouet said with a certain amount of earned satisfaction.

Then, when Paris was liberated in 1944, the George V became American general headquarters. At one time, 72 American generals were sleeping beneath its roof.

The German general staff posed in security behind false walls in the cellars of the hotel.

Even though M. Blouet was himself in a prisoner-of-war camp by the time the Germans occupied Paris, he had dispersed the hotel's exquisite rugs and its finest pieces of furniture to safe-keeping long before.

"I had thought of bombing, rather than occupation," he said.

But the effect was the same. It saved many of the hotel's treasures. Then, suddenly one day after the occupation, M. Blouet found himself mysteriously sprung from prison and on his way back to Paris.

The German general staff

"Didn't the roof rock?" I asked sympathetically.

"No, No! They were extraordinary, from Eisenhower, Bradley and Patton on down," M. Blouet declared.

And how they worked! M. Blouet never saw men work so hard as our general staff.

"Every morning, they were down for breakfast by 7 a.m. and always worked till at least midnight. I know how hard Americans can work, but I never saw men work harder than your generals."

The long and short of it is that Generals Eisenhower, Bradley et al. had no use for pink silk sheets.

Which is the reason the housekeeper even now is putting them on my bed. Nine years of worry—and all for naught!

An automobile, while traveling 200 miles an hour, would have no need of any air in its tires, as centrifugal force would keep the tires expanded.

BUGGIES AND BUGS

It seems that horse and buggy days are old fashioned and out of date.

Buggies served a good purpose for many years. When Grandma was a girl she felt pretty fine in a rubber tired buggy with her ostrich plume flying in the breeze.

Bugs were never very popular even if they were so numerous.

Fleas were perhaps the biggest nuisance 40 years ago. They annoyed people all summer but were the worst at meal time. They insisted on tramping around all over the food and committing suicide by drowning in the coffee cup.

Fleas and ticks and lice and itch mites are not good company ever.

School teachers are specialists on head lice.

Henry Ford did away with the horse and buggy and thus helped to rid us of flies. Maybe some other benefactor will do the same for head lice. The teachers would build him a monument.

Federal-State surveys 1949 production is more than twice the 10-year average for this crop, 1938-47, placed at 950 tons.

Increased production during and since the war to meet public demand for frozen green lima beans resulted in an increase in acreage from the average of 1,920 to 4,000 acres this year. The 1948 acreage also was 4,000 but yield per acre this year was only 1,100 pounds of shelled beans compared with 1,320 pounds per acre grown last year.

Dry, hot weather was responsible for the decline this year, observers say.

2200-Ton Lima Bean Crop For Processing

HARRISBURG — Pennsylvania farmers this year has provided 2,200 tons of shelled green lima beans for canning and freezing, their share of a record-large national production of more than 72,000 tons, the State Department of Agriculture announces.

Commercial production of green lima beans for processing in Pennsylvania this year, however, is estimated to be 440 tons less than last year. According to recent

**Declares Mortality
Due To Ulcers Now
On Downward Trend**

Death Rate Due To This Cause
Shows Decrease In Recent Years

NEW YORK, N.Y., Sept. 29.—Ulcers are popularly supposed to reflect the increasing tempo of modern life, but actually the mortality from the conditions has been on the down trend for many years, according to the statisticians of the Metropolitan Life Insurance company. Among the company's millions of industrial policyholders, the death rate from peptic ulcer in 1948 was nearly 30 per cent below the peak reached in 1935.

The recorded improvement has been greater for the mortality from ulcers of the stomach than of the duodenum (the part of the small intestine nearest the stomach). Among males, the chief victims of these conditions, the death rate from stomach ulcer in 1944-48 was nearly one-fourth less than that a decade earlier. The decline extended to all age groups under 65 years and was greatest at the younger ages. On the other hand, the death rate from duodenal ulcers has changed little for many years.

Male Death Rate Higher
Among women, who have always had a lower death rate from these conditions, the mortality trends have been more favorable. As a result, the death rates among females from ulcers are now seven times as high as among females, the statisticians observe.

The outlook for ulcer patients has greatly improved in recent years, and their length of life has increased. This has been brought about by advances in diagnosis and in the medical and surgical treatment of the disease. Increased understanding of the role which personal and emotional factors play in the disease is reflected in its modern management.

"Nevertheless, ulcers of the stomach and duodenum still constitute a serious medical and surgical problem," the statisticians comment. The number of persons with these conditions is unknown, but a conservative estimate would be at least 400,000. There can be no letup in efforts to prevent and alleviate these conditions.

**IMPORTANT TO TREAT LATE
PLANTED WHEAT**

Because late-planted wheat is most susceptible to smut, treat this seed with New Improved Ceresan or Ceresan M becomes increasingly urgent.

Heavy-infestation of smut in the 1949 wheat harvest caused much of it to be rejected by millers. This smut, also known as bunt, is a fungus disease which attacks the wheat heads, causing the heads to fill with a mass of foul-smelling spores. These black spores give a fish-like odor to the grain and make it unfit for use as flour, feed or grain.

Rejections have been reported more numerous this year than for some time. Some fields were observed with infection ranging up to 50 per cent of the heads.

The smut spores, or seeds, of smut are spread during

the harvesting and planting of wheat. They are carried on the grain and germinate with the wheat. Thus the young growing plants are infected. In the spring the fungus invades the developing head and infects every grain. Infected plants may be slightly stunted. The heads have a bluish-green cast.

Clean seed, free from disease, offers the best assurance against smut, with added protection afforded by use of the mercurial dust treatments. Plans for these seed-treating devices may be obtained from the Agricultural Extension office, 206 Post Office Building, New Castle. With them it is possible to treat 50 to 60 bushels per hour. For best results the seed should be treated several days before planting.

**GARDEN PLANTS BRIGHTEN
INDOORS**

Pot small plants of begonias, geraniums, petunias, latanas, calandulas and other similar garden plants for brightening the living room or window casement during the late fall or early winter. Give the ground in which they are growing a thorough watering the night before they are lifted.

Other late September tips for

gardeners are—it is unwise to clip evergreens at this late date, evergreens respond to shearing much better in early May. If cuttings are made of indoor cacti, sear the cutting with a candle flame to keep moisture from getting in or out of the cuttings. Leave them dry for a few days then insert in equal parts of sand and loam. A piece

of charcoal or a tablespoon of ground limestone mixed with a small amount of soil and sand makes a good propagation medium.

Now is the time to divide tree peonies. The plants should be lifted, the earth shaken off and the roots separated either with a small sharp saw or knife. When re-

planting into their new location remove or shorten some of the foliage.

Sixty-five percent of the pedestrians killed in cities, according to a survey, were using the roadway in an unauthorized or unsafe manner.

**Senator Reed
Declares Olds
Had Red Views**

**Makes Charges After Extracts
From Written Articles
Are Presented**

WASHINGTON, Sept. 29—(INS) Sen. Reed (D) Kans. charged Wednesday that Federal Power Commissioner Leland Olds entertained views of a "first class, full-fledged Communist."

Reed made the charge after extracts from articles written by Olds in the 1920s were read into the record of a Senate commerce subcommittee considering Olds appointment to a third term on the FPC.

The senator said that judging by the articles "here is a man who is a first class, full-fledged Communist."

Rep. Lyle (D) Tex. placed 54 photographs of articles written by Olds into the committee record. Lyle said that many of the articles appeared in the Communist Daily Worker.

Olds, taking the stand in his own behalf, readily admitted that his articles appeared in the Daily Worker in the 1920's, but he said he did not write them for the Communist organ.

He said he was employed at the time by the Federated Press which served the Daily Worker among other publications.

Olds disclosed that he has been approached about a possible post with the National Security Resources board by Presidential Aide John L. Steelman.

Shocked Beyond Words
Sen. McFarland (D) Ariz. declared he was "shocked beyond words" by the extracts from Olds' articles. He said they raise some

of "the most serious charges" ever to come before a congressional committee.

Lyle, in presenting the articles, said that in them Olds:

1. "Hailed the 'decay' of the church as a religious institution."

2. "Advocated the elimination of private property in productive enterprise."

3. "Sneered at the Fourth of July as a day set apart by the world's greatest exploiters to glorify their rise to power."

4. "Expressed his contempt for our major political parties and for political figures generally."

5. "Praised the Russian system as a coming world order and as a model for the United States."

SHERWIN-WILLIAMS PAINTS

Names Of Various Power Companies Prove Confusing

Pennsylvania Power Co. Serves Five Counties In Western Part Of State

Persons should not confuse the Pennsylvania Power and Light company, Pennsylvania Electric company and Pennsylvania Water and Electric company, with the Pennsylvania Power company.

All of these companies are different organizations and have no connection with the Pennsylvania Power company, outside of the fact that they all do about the same kind of work, it is pointed out.

The Pennsylvania Electric company has its headquarters in Johnstown and serves much of the western part of the state.

The Pennsylvania Power and Light company has its headquarters in Allentown and serves the biggest part of eastern Pennsylvania.

Pennsylvania Water and Power company has headquarters in Bal-

timore and is principally an electric generating company.

Our Pennsylvania Power company serves all of Lawrence and Mercer counties and parts of Butler, Beaver and Allegheny counties, as far south as three miles north of the city of Pittsburgh. Headquarters are in New Castle.

Communist Trial About Completed

NEW YORK, Sept. 29.—(INS)—The Communist conspiracy trial entered its final phase late Wednesday in federal court when attorneys for both sides, after nine months of testimony, began presentation of concluding motions.

Attorneys for the 11 Communist leaders on trial offered a total of 313 reasons why the indictments against their clients should be dismissed.

The defendants are charged with conspiring to teach and advocate the violent overthrow of the United States government.

U. S. Attorney John F. X. McGohey, on the other hand, limited to 34 his suggestions to Federal Judge Harold R. Medina for charging the jury.

MILLBURN

Millburn grange was host on Thursday evening to about 125 county grangers when Jackson grange brought the last Travelling Scroll program of the year to Millburn. A program of music, readings and one act plays was presented by the guest grange and refreshments were served by the hosts. Millburn grange will present special talks with a display of a program of music, games and fruits, vegetables and interesting articles at its Booster meeting, open to the public, on Thursday evening, September 29. Several members attended the meeting of Jefferson grange on Wednesday evening accompanying their candidates who received the third and fourth degrees.

Millburn grange will honor Mr. and Mrs. Morey Campbell, a recent bride and groom, with a miscellaneous shower at the home of Mrs. Campbell's parents, Mr. and Mrs. W. L. Mayne, on West Market street, Mercer, on Saturday evening, October 1.

**Call Boxes Of
Police Will Be
Open To Public**

PHILADELPHIA, Sept. 28.—(INS)—Safety Director Samuel H. Rosenberg today announced that all street corner police call boxes in Philadelphia will be open to the public.

Rosenberg said locks would be removed from the 1,200 boxes and replaced by latches, and that anyone may call police headquarters.

The safety director explained that the boxes should be used by the public only for emergency cases when a policeman is not available. Routine police reports will still be made through the boxes.

Blue lights will be placed atop the call boxes Monday when the plan goes into operation, Rosenberg said.

He added that citizens also could use the police phones to report fires in extreme cases.

**Special Elections
For Legislature**

HARRISBURG, Sept. 29.—(INS)—STATE house speaker Herbert P. Sorg has issued writs for special elections November 8 to fill two vacancies in the house chamber.

The elections, to be held in conjunction with the municipal elections, will fill the seats held by the late Representatives Clarence G. Krise (R) Clearfield, and John L. Powers (D) Allegheny. Krise died May 27 and Powers July 25.

Candidates have until 20 days prior to the election to file notice of their candidacy with the secretary of the commonwealth, Sorg said.

**How To Hold
FALSE TEETH
More Firmly In Place**

Do your false teeth annoy and embarrass when you eat, laugh or talk? Just a little FASTEETH on your plates. This alkaline (one-and-a-half) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not stain. Cheaper than denture breath! Get FASTEETH today at any drug store.

**Firearm Inspection
Urged On Hunters**

HARRISBURG — A Game commission firearms expert advises hunters that now is the time to check their sporting guns for efficiency of operation and for safety to themselves and others.

Few hunters seriously consider the value of pre-season gun inspection. The Game commission's records reveal many a case of injury or death due to faulty or weakened gun structure, obstruction in a gun barrel and other causes that inspection or the services of an expert repairman can remedy.

Accident-minded sportsmen will act upon these suggestions. Clean and carefully examine shotguns and rifles. If any structural defect or malfunction is noted, take the firearm to a qualified gunsmith at once to allow time for its repair before hunting season. Preventable, serious results will thus be avoided and the prize that flushes in game season will be covered by a gun that works.

**Medical Society
Names Officers**

PITTSBURGH, Sept. 29.—(INS)—The Pennsylvania Medical society concludes its 99th convention in Pittsburgh today with a morning and afternoon session.

Dr. E. Roger Samuel of Mt. Carmel, Pa., will act as president next fall when Dr. Harold B. Gardner of Pittsburgh will take over.

Dr. Gardner was elected yesterday for the 1950-51 term. Dr. Samuel was installed as the coming year's president Tuesday. The society customarily elects its presidents one year in advance.

Elected as vice presidents were:

Dr. Louis W. Jones, Wilkes-Barre; Dr. M. Louise C. Gloekner, Conshohocken; Mark K. Glass, Sunbury, and L. Dale Johnson, Connellsville.

Dr. Walter F. Donaldson was re-elected secretary-treasurer, a post he has held for 31 years.

EAST PALESTINE, O., Sept. 29.—Mr. and Mrs. William Steele, each about 50, a farm couple of nearby Winona, were killed Wednesday in a head-on collision between their automobile and a tractor-trailer on State Highway 14 near here.

Russell Stevenson, of Bedford, Pa., identified by police as the

driver of the truck, was injured. He was taken to a Salem hospital.

The accident occurred on a curve where two other persons were killed in the last 18 months. Ernest R. Sturgis, Columbian coroner, said.

In the Minneapolis telephone book the Olsons outnumber the Smiths 1646 to 1080.

JAMESON HOSPITAL

In the report published Wednesday, regarding the illness of G. More Community Spirit Needed

Rev. Arthur D. Wenger
Gives Kiwanians His Recipe For Peace

STRIKE SEEN AS UNNECESSARY

In an address before members of the New Castle Kiwanis club at their luncheon meeting in the Castleton, Wednesday noon, Rev. Arthur D. Wenger, associate pastor of the First Christian church, expressed a need for more community spirit, as a cure for the world's ills.

Solidified community spirit, all working toward a common end, can accomplish great things, Rev. Wenger pointed out.

In community life, in the dealings between nations, and in associations between capital and labor, there should be an atmosphere of friendly cooperation, instead of hostility.

Cities Community Chest
He cited the example of the Community Chest, where all agencies share in the bounty of the citizens of the community, through a spirit of friendly helpfulness.

He also cited the community life of the Amish people, all of whom are knit closely together, and share in the joys and the disasters of each other.

When some disaster strikes an Amish family, all hasten to offer their assistance to repair the damage which has been done.

The Kiwanis club by its actions and deeds is doing much to promote a better community feeling, and he expressed his appreciation of the efforts they are doing.

If we have that feeling of solidarity, it is not going to make much difference to the people of a nation, when they receive the announcement, as the people of this country did a few days ago, that a country which is hostile to us has secured a weapon which we thought we had a monopoly on.

As a minister of the Christian church, he stated that it was his aim to strengthen a community built around Christian ideals, without which we will all perish.

Iron Age Declares Chances Of Steel Strike Lessened

Positive Knowledge Atomic Bomb Race Is On Cited As Having Effect

NEW YORK, Sept. 29.—(INS)—The magazine Iron Age said Wednesday that the chances of a steel strike have been lessened by positive knowledge that an atomic bomb race is on.

It pointed out that in the face of an urgent need for cooperation, steady output, and a healthy economy, this could be the "agreement clincher."

The publication said it was certain that government pressure to avert a tieup will be intensified as soon as it becomes clear that a steel strike would be a threat to national defense.

Iron Age listed British devaluation of the pound as an added in-

cutive to settle domestic labor disputes quickly.

It noted that a work stoppage now would cut into iron and steel exports, and part of the business would be lost to European competitors.

As for the actual issues in dispute, the national metalworking weekly suggested that the solution needed was a compromise on the contributory versus non-contributory phases.

Meantime, Iron Age reported that the coal strike has begun to worry steel users.

The latter are disturbed lest the loss of purchasing power for the 480,000 coal miners, and employees of railroads and other dependent industries who have been thrown out of work, reverse the improved trend in consumer goods.

The magazine said there was always the chance, too, that the coal strike would last long enough to affect the steel producers themselves.

For a period of about a month during the polar summer, the polar regions receive as much heat as does the Equator.

Hanna Attends Polio Conference

County Chairman Of Infantile Paralysis Foundation At National Meet

Postmaster William R. Hanna is in Washington, D. C., attending a conference of district leaders of the Foundation for Infantile Paralysis Inc., which is in preparation for the annual March of Dimes campaign early next year.

In addition the current crisis will be discussed, which caught the national organization short-handed.

Mr. Hanna will return later in the week.

Motorcycle Hits Bus This Morning

Dale Burnside, aged 17 years, of R.D. 1, New Castle, was injured around 9 o'clock this morning, when his motorcycle skidded and struck a bus on the New Castle-Ellwood road.

He was removed to the Jameson Memorial hospital in an ambulance where he was treated for a laceration of the back of the head, and brush burns of the right knee.

ENON PRESBYTERIAN PLANS PREPARATORY

Preparatory services will take place at the Enon Valley Presbyterian church Friday evening at 8 o'clock; it has been announced by the pastor Rev. Robert Bell. The church choir will participate in the services, presenting special music.

Communion will be observed on Sunday in conjunction with World Wide Communion Day, at 11 a. m. A baptismal service will take place during the morning.

Two million house wrens could be produced in six years' time from one pair of birds, if all the eggs hatched and all the offspring bred and produced normally. However, the mortality of this small bird is enormous.

Pick Up Message We're Still Alive'

NEW YORK, Sept. 29.—(INS)—A mysterious radio message saying "we are still alive" was reported today to the coastguard which said it might be from two Italian flyers who disappeared two weeks ago on a trans-Atlantic flight.

The message was relayed to the coastguard from Trans World Airlines which in turn received it in a relay from Rome and Paris.

It was a "blind" message, the coastguard said, meaning it was picked up without the source being known.

The message as reported to the coastguard said "we are still alive and drifting near the Bahamas. Insufficient food. Radio inoperative. No search planes sighted."

The two Italian flyers, Capt. John M. Brondello, 38, and Camillo Bartoglio, disappeared on Sept. 16 while flying in a single-engined American plane from the Azores headed for New York.

Legion Executive Committee To Meet

Members of the executive committee of the Perry S. Gaston Post, American Legion, have been summoned to meet at 8 o'clock this evening in the Legion Home, by Commander Earl C. Moffatt.

Some important business matters pertaining to the Legion program will be discussed at this meeting.

TO SHOW FILM AT KING'S CHAPEL

Out of Chicago's famous skyline has come a dynamic story of human pathos. This true-story has been filmed and released by Christian films.

The film "Out of the Night" is to be presented Friday evening, at King's Chapel Methodist church at 8:30 o'clock. The public is invited. A free will offering is to be lifted.

Good Taste By FRANCINE MARKEL

GIRL TAKES BOY TO DANCE

"I have invited a boy to go with me to a school dance. He does not go to the same school as I and is not acquainted with my friends there. Should I dance only with him all evening or will it be permissible for me to leave him alone and dance with the other boys who ask me? Also should I go with him when he parks the car?"

Answer: It is quite all right to accept a dance with another boy, but before doing so ask your escort if he minds. Really, there should be an exchange of partners so that no one will be left stranded. The best way to handle a situation of this kind would be to take your escort around and introduce him to all of the boys and girls you know and in that event he will be free to cut in and dance with some other girl while you are dancing with another boy.

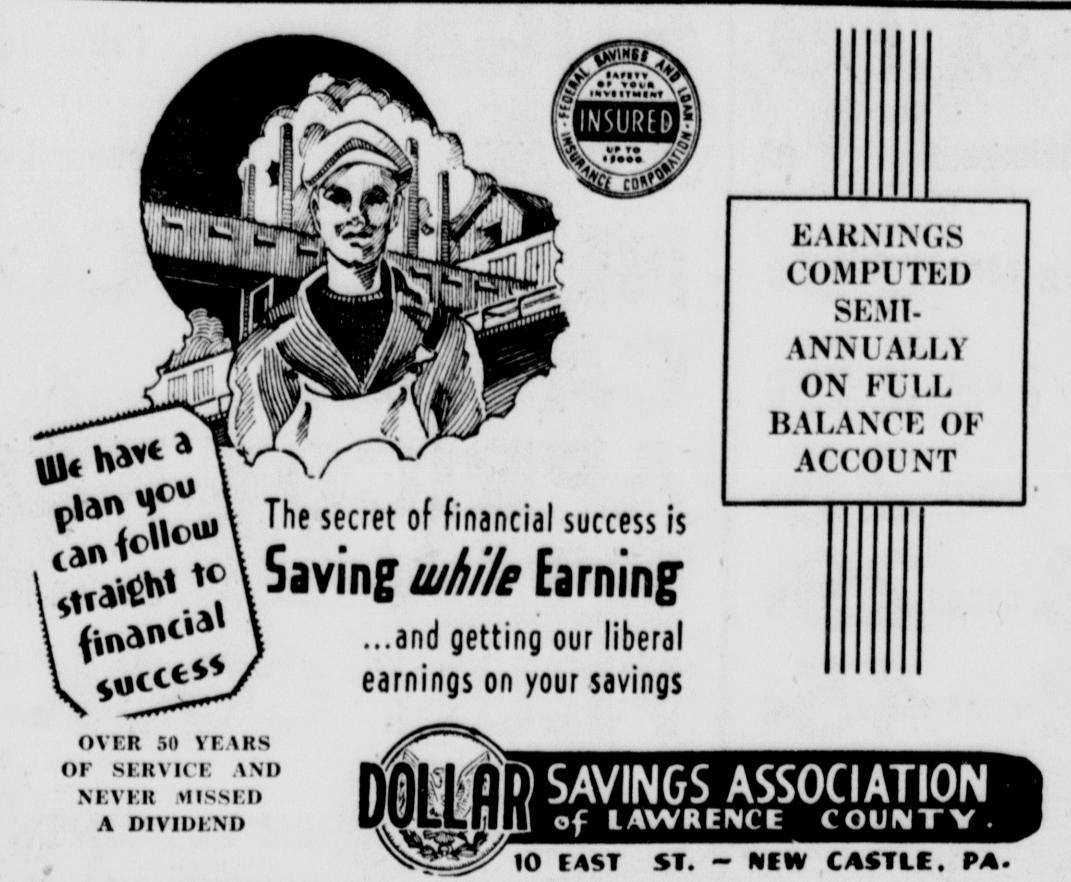

He should suggest that he let you out at the door of the place where the dance is taking place before he goes on to park his car. You may then go in to do your primping and be ready by the time he has arrived.

Question: May a girl who has received an invitation to a wedding reception take her fiance along with her? The fiance did not receive an invitation.

Answer: The bride should have sent your fiance an invitation. Since she did not, I do not see that he is entitled to go. Whether you attend without him is for you to decide. But if you go at all, you should go alone.

Present your problems to Miss Markel who will promptly send personal replies to questions from readers inclosing stamped, addressed envelopes.

GRID RULE CHANGES
Another football season rolls around and 36 more rule changes come up to confuse an already confusing issue—that is, confusing for we people that try, confusing for the winners.

It might be well to mention a few of the major changes to try and straighten out those persons that have fallen a little behind in their football rules.

One of the major changes was in the free substitution rule. Last year a coach could send in a batch of players anytime between plays just so the changes were completed before 25 seconds were up. Not so this year. Now a coach can send in a batch of substitutions only when the ball changes hands or when the clock is officially dead.

Clock Dead

The clock is officially dead after an incomplete forward pass, after an out-of-bounds play, following a penalty and when a time-out is called.

Another change, that came up last weekend in the Union-Evans City game concerns the touching of a forward pass by more than one person. Previously a forward pass touched by an eligible receiver was required to be retained for completion unless the ball was touched later by an opponent.

Now a forward pass can be deflected by one member of a team into the hands of another member with no questions asked. This situation came up in the recent game when an Evans City pass bounced off of one player and into the arms of Crider for a nice gain.

Grounded Pass

Another change states that when a passer intentionally grounds a pass, he will be penalized five yards from the spot where he tossed the ball. The old ruling stated that intentionally grounding a pass received a 15-yard penalty from the line of scrimmage.

This year the T-formation quarterback can no longer be on the receiving end of a forward pass, a backward pass or fumble that goes out of bounds remains in the possession of the team that had the ball when the ball was fumbled; visiting team is required to make changes in equipment to assure uniforms of contrasting color, a scrimmage kick which crossed the line of scrimmage and bounces back may be recovered and advanced by any player behind the line, and various other minor changes round out the football fog for the year.

Butler High never defeated a Bradenbaugh coached football team. He beat them 20 times and tied them twice 6-6 both times.

Red Sox Lose, Yanks Win, Lead Tied; Cards Lead By One

—New Castle News Photo
SAKELSON SWINGS RIGHT—About to uncork a terrific right hand punch at the head of Richard Cangey in the first round, at The Arena last night, in their stirring 3-round, is Billy Sakelson, who won a split decision over his opponent. Both are New Castle boys. The entire show was packed with fast action.

Amateurs Stage Great Show, Sakelson Wins Over Cangey

New Castle opened its indoor boxing season at the Arena last night with one of the best amateur tag matches are also planned.

Character TKO Winner

In the feature bout of the evening Kid Charity of Youngstown won over Pete Stevens of Cleveland by a TKO in the third round.

It was Stevens' fight until Charley opened a cut over Pete's left eye in the final round and the fight was stopped.

These boys really put on a batte for the home town folks, with Sakelson getting the nod on a split decision. Sakelson started the fight with a flurry of lefts and rights and kept right on swinging as fast as he could.

Both boys showed signs of tiring in the last round and didn't pack enough power to hurt each other, but they kept on swinging away. Cangey seemed a little surprised at the flurry from the outset and

never had a chance to get a punch in until the second round.

clone Anaya of Mexico City. Two other matches and an Australian tag match are also planned.

It was also announced that there would be a pro boxing show here on October 26.

Bessemer, Union Match Different Grid Formations

Rival grid formations as well as arch football foes will highlight the first clash in the county class B football race which gets underway tonight at Bessemer.

Union High Coach Jack Schantz has continued to employ the T-formation at the Scotland Lane school and results to date indicate that the Blue and White have become very adept at the quick opening handoff. Enough passes are thrown to keep the enemy secondary back and alert.

Arquilla Winner

In the feature bout of the evening, Alex Christine of New Castle battered Art Alvan of Ellwood City for 1 minute and 35 seconds of the first round before referee Mickie Solomon stopped the fight.

Frank Summers, chairman of the prize committee, ably assisted by Jack Dagnon, took over following the dinner, and introduced as co-workers Paul Hunt, Walt Vogan and Willie Gronnem who dished out the golf prizes, door prizes and other prizes as follows:

Medalist for fifth year, Tucker Hockman, the Walmo flash, 76; runnerup, Frank Summers, 79; longest drive on No. 1 hole: Chris Walker; nearest cup on No. 2 hole, first shot: Lou Lautenslager; nearest to cup, second shot, fourth hole: James D. Bowser; nearest to cup No. 7 hole, first shot: J. D. Courtney; nearest to marker No. 9 hole, first shot: J. C. Minner; nearest to marker No. 10 hole, A. C. Jackson; nearest cup on No. 11 hole, first shot: J. Booher; nearest to cup No. 13, second shot: R. R. Smith; nearest to flag on No. 16 hole, H. E. Zuber; oldest player: H. B. Beadle; youngest player: L. H. Patterson; most number of chip shots sunk off the green: tied by following: Robert A. Cunningham, E. Smith, Earl Jarrett, M. Moody, J. Russell and Harry Horn.

Single Wing

Bessemer uses the more mature single wing. The Cementsers use their power to grind out consistent gains and score on long drives.

This system has added value when there is a back around like Mooney Schaville who can go all the way for a TD.

Buckley-Salem Win

In the evening's lid-lifter, Victor Buckley of Youngstown won over Willie Jenkins, also of Youngstown. Jenkins was wild as both boys slugged it out for the full three rounds.

Tommy Salem of Cleveland won by a decision over Charles Bratton of Youngstown in the only slow bout of the night. Bratton was fast on his feet but proved to be a green boxer.

Handling the refereeing job in all eight bouts was the veteran former boxer Mickie Solomon of New Castle, doing the judging were Phil Greer and Nick Adamo, both of this city, handling the timer's watch was Humbert "Billy" Fazzone, and announcing the show was Charles "Bugs" Walther, assistant sports editor of The News.

Wrestling Show Oct. 12

Matchmaker Tommy Leach announced that there will be a wrestling show at the Arena October 12, featuring television stars Frank Talaviere of Minneapolis vs. Cy

Gamble of Youngstown.

OCTOBER HUNTERS GIVEN WARNING

HARRISBURG, Sept. 29.—(INS)—The State Game Commission today warned hunters of October hunting and trapping restrictions.

Game officials pointed that grackles, red squirrels and possums are unprotected for 11 months of the year, from November 1 to September 30, but are restricted during the 12th month, October.

By its reminder, the Game Commission hopes to reduce the number of game law violations in October, a spokesman said.

In addition, officials feel that lessened activity afield during the month will result in more wildlife for the small game hunter when the season opens in November.

Senior Golfers Enjoy 'Big Day' Despite Weather

Upwards Of 110 Men Play Golf At Castle Hills Wednesday, Enjoy Dinner, Prizes

Despite efforts of the weatherman to make it miserable, upwards of 110 senior golfers, men 50 years of age and over, trudged the picturesque Castle Hills course yesterday for their "big annual day."

Following the rounds of golf, where the men renewed friendships and acquaintances, shot good bad and indifferent, the men reassembled at 6:45 o'clock in the basement of the First Presbyterian church and were greeted by steaming plates of delicious roast turkey and all the trimmings, that the women of the Hershey Auxiliary of the church had ready for them. The men ate with relish of the well prepared and served food.

Prizes Distributed

Preceding the serving of the dinner, W. L. Clark, general chairman, called the meeting to order with the singing of "America," spoke briefly, then asked Dr. R. Galbreath, pastor of the First Presbyterian church, to say the blessing.

Frank Summers, chairman of the prize committee, ably assisted by Jack Dagnon, took over following the dinner, and introduced as co-workers Paul Hunt, Walt Vogan and Willie Gronnem who dished out the golf prizes, door prizes and other prizes as follows:

Medalist for fifth year, Tucker Hockman, the Walmo flash, 76;

runnerup, Frank Summers, 79;

longest drive on No. 1 hole: Chris Walker; nearest cup on No. 2 hole, first shot: Lou Lautenslager; nearest to cup, second shot, fourth hole: James D. Bowser; nearest to cup No. 7 hole, first shot: J. D. Courtney; nearest to marker No. 9 hole, first shot: J. C. Minner; nearest to marker No. 10 hole, A. C. Jackson; nearest cup on No. 11 hole, first shot: J. Booher; nearest to cup No. 13, second shot: R. R. Smith; nearest to flag on No. 16 hole, H. E. Zuber; oldest player: H. B. Beadle; youngest player: L. H. Patterson; most number of chip shots sunk off the green: tied by following: Robert A. Cunningham, E. Smith, Earl Jarrett, M. Moody, J. Russell and Harry Horn.

Shamrocks Rehearse

The East Side Shamrocks will have a practice session at 5:15 this evening at Paul street field. All players should report as there will be uniform measurement as well as a drill.

In addition to the regulars, the following boys have been asked to attend: Tom Clark, F. Clark, Gordon Kerr, McConnell and Ken Kerr.

Sandlot League Meeting Tonight

The newly organized city sandlot football league will have its last meeting before scheduled play gets underway at the YMCA tonight. Meeting time is 7 o'clock.

President Nick George has asked that team managers and coaches

league officers and the commissioners be present for this session.

The commissioners of the new loop are Art Alexander, Paul Cuba,

Mike Kulik, Tippy Richards, Eddie Nahas and Harry Reith.

Scarborough Master

Rae Scarborough's masterful pitching job was placed into the background by the dramatic, almost hysterical ninth inning.

But it can not be overlooked. He limited the Sox to four hits. A pop double by Stobbs and a single by Dom DiMaggio gave Boston its only run in the sixth. Other than Stobbs, no other Bostonian reached second base.

Same Fellow

This same Scarborough, who knocked Boston out of the race last year, may struck again.

He gained his 13th win and snapped the Red Sox win streak at eleven. He also gave the Senators their first win over Boston in their last fifteen meetings.

Yanks Down A's

The New York contribution to the deadlock situation was a never-die three-run rally in the seventh inning that gave the bombers a 7 to 5 victory over the Philadelphia Athletics.

The Yanks had blown a 4 to 0 lead in the top half of the frame when the A's pushed five tallies across.

The possibility of a wire finish was inevitable today. New York meets Philadelphia and Boston plays Washington. Then on Saturday and Sunday the Yanks and Red Sox tangle to close out the season.

In the National League, St. Louis leads the Dodgers by one game, but that may be altered by nightfall.

The Dodgers and Braves and Pirates and Cards were rained out yesterday.

Brooklyn played a doubleheader in Boston today and the Cardinals are scheduled to meet the Pirates this afternoon.

Third baseman Dan O'Connell was purchased from St. Paul, a Brooklyn Dodger farm team in the American Association, for an undisclosed sum of money and a player to be named later.

O'Connell Hitter

Pitcher Bill McDonald and Pete Medica and second baseman John Merson were bought from the New Orleans Pirate farm club for delivery in 1950.

O'Connell, a 20-year-old right-hand batter and thrower, hit .314

for the St. Paul pennant winners. He finished second in balloting for rookie of the year honors.

ATHLETICS BUY THIRD SACER

PHILADELPHIA, Sept. 29.—(INS)—The Philadelphia Athletics today acquired third baseman Hermit Wahl from the Montreal club in the International league.

The A's gave Montreal \$2,500 and pitcher Bill McCahan in return for the 26-year-old Wahl who hit .288 last year.

County Grid Teams Facing Tough Tilts

Lawrence County's biggest football weekend of the season gets under way tonight at Bessemer High field. The Union Scotties will be the invaders in this fray. All other county school elevens see action on home soil.

Shenango inaugurates a three-game Friday schedule in a two o'clock tilt with George Junior at the Wildcat field. Time was when the Citizens from Grove City were considered a "breather" on the schedule of county class B schools but that has now passed and Shenango Coach Eddie Nahas is looking for a tough ball game that can go either way.

Shenango Anxious

George Junior lost its opener to Bessemer, 25 to 0, but since then has racked up two straight wins. Last week the Citizens upset Smethport 18 to 12. It was the first loss in two years for Smethport. Fullback Charley Passmore is George Juniors leading ground gainer and scorer.

Shenango will be without the services of "Ducky" Duckworth this week again but the rest of the Wildcat crew is ready and anxious to chalk up win number one.

New Castle-Sharon SEEKING RECORD

PHILADELPHIA, Sept. 29—(INS)—Burly Steve Van Buren goes after his fourth National League football record Monday night when the Philadelphia Eagles clash with the Detroit Lions in the motor city.

Van Buren needs to gain only 45 yards to break the all-time career record of 2,860 set in 10 seasons by Clark Hinkle, of Green Bay.

Steve picked up 58 yards against the New York Bulldogs last Thursday at the Polo Grounds to total 3,816 yards in less than six years in the league.

YALE-FORDHAM GAME CALLED OFF

NEW HAVEN, Conn., Sept. 29—(INS)—An attack of polio-myelitis suffered by one of the members of the Yale football team and two other students has forced postponement of Saturday's scheduled Yale-Fordham game.

South Hills is still looking for its first victory of the year, having been defeated by Dormont and Mt. Lebanon. Ellwood still has three of its regulars on the disabled list and is looking for a stiff battle.

New Castle trimmed Youngstown East 10 times, lost three and tied one in 14 games. The relations have been broken.

Julius (Moose) Solters hasn't changed much since he left the Chicago White Sox in 1943.

New York Stocks

LITTLE CHANGE IN MARKET PRICESMarket Maintains Outward Calm
In Face of Threatened Steel Strike

NEW YORK, Sept. 29.—(INS)—The stock market maintained an outward calm today in the face of the threatened steel industry shutdown this week-end. Only minor price changes were in evidence, with just as many plus signs as minus signs.

Steel issues favored the downside. Bethlehem off $\frac{1}{4}$ at 29 $\frac{3}{4}$; and U. S. Steel off $\frac{1}{4}$ at 23 $\frac{1}{2}$.The signing of the Ford Motor contract, with the likelihood that it would set a pattern for the automobile industry, had little effect on motor stocks. Chrysler gained $\frac{1}{4}$ to 52 $\frac{1}{2}$ while General Motors dipped $\frac{1}{4}$ to 63.Allied Chemical was a strong spot in the industrials, advancing $\frac{1}{4}$ points to 182 $\frac{1}{2}$, in contrast to a decline of $\frac{1}{2}$ point in DuPont to 53 $\frac{1}{2}$.Oils performed well with Standard of New Jersey up $\frac{1}{8}$ at 69 $\frac{1}{2}$; Richfield up $\frac{1}{4}$ at 39 $\frac{3}{4}$; and Texas up $\frac{1}{8}$ at 60 $\frac{1}{2}$.The rail group turned an impressively strong performance under the leadership of Ni-kelplate which advanced $\frac{1}{4}$ points to 77 $\frac{1}{2}$.**PRICES AT NOON**
